## See Saw and Discovery Education Builder Tools

Discovery Education transforms classrooms, empowers teachers and captivates students by leading the way in providing high quality, dynamic, digital content to schools.

In addition to quality content, Discovery Education's Builder Tools include Assignments, Boards, Quizzes and Writing Prompts.

Seesaw is a versatile digital portfolio that empowers students to independently document their learning and provides an audience for their work... their peers, parents or the world. Students capture learning using photos and video of physical work or adding digital creations. Teachers can invite families to Seesaw so parents get an immediate, personalized window into their child's learning.
